AFTER THE RAILWAYS

Another Two-Cent Bill Introduced In the Ohio Legislature.

SLIGHTLY DIFFERS FROM THE OTHER

Measures Affecting Certain Corporations and Other Interests Bob Up in Both Branches of the General Assembly.

Columbus, O., Jan. 16.—Another 2-cent railway fare bill has made its appearance in the Ohio legislature. The measure was introduced in the senate by Senator Marchant of Fayette county. It provides that mileage books shall be placed on sale by all railroad companies, with the provision that they can be used by any member of a firm or family purchasing them. But to prevent fraud separate covers are to be furnished to each member of any such firm or family, whose names are to be furnished at the time the purchase is made, and on the separate covers is to be a photograph of the person named on such cover. The measure is not a straight 2-cent fare bill, as it allows the railroad companies to charge 3 cents for single fare tickets, and also permits the railroad companies to give excursion rates on special occasions, as is now done.

Another bill by Senator Marchant prevents telegraph companies from charging double tolls for the transmission of messages, where it is necessary to have the message transmitted a part of the distance over the lines of some company other than those of the company with which the message was filed.

It is stated that a bill will be introduced to abolish the state dairy and food department, but it is not believed it will pass, as the farmer members, who will oppose it to a man, are too strong in the legislature. It is claimed the department is too expensive for the benefits derived by the general public from its operations.

Senator Broderick introduced a bill providing for the submission of party platforms to the people at general elections. Its purpose is to ascertain the will of the voters upon every provision of each platform.

The bill calling for a change in the tax levy for school purposes was passed by a unanimous vote.

House Proceedings.

The house of representatives adopted the joint resolution providing for the printing of a new edition of Howe's Historical Collection. The resolution as adopted provides for the printing of 8,300 sets of the history, 75 to go to each member of the general assembly, a certain number to the state library for exchange, and the remainder to be sold by the secretary of state at \$2 per set.

By a standing vote, the house adopted a resolution presented by Mr. Price of Athens, formally expressing regret for the death of ex-Senator Charles Townsend of that county.

Representative Magee of Ottawa has a bill the provisions of which are of special interest to fruit growers. It provides for a state board of horticulture, which will be given power to employ an entomologist at a salary of \$1,200 a year, and such laborers and assistants as may be needed. The entomologist employed by the board is given authority to enter and examine orchards and nurseries, and to destroy trees affected by the San Jose scale without compensation to owner or liability of damage.

Other bills were introduced as follows: Extending the provisions of the excise tax law, now in force against telegraph, telephone and express companies, to mercantile agencies, seeking to compel the latter to pay taxes on gross receipts; creating a commission to evolve a salary list for county officers of the 88 counties; authorizing the governor to appoint a commission of five to build a governor's mansion on the grounds of the Ohio State university at a cost of \$50,000; requiring councils and commissioners to compel street and interurban railways to pay one-fourth of the cost of improving pikes, roads and avenues.

Ohio Municipal League.

Dayton, O., Jan. 16.—The Ohio Municipal league convention opened here. The attendance is large. After the welcoming addresses were delivered, interesting papers were read. Strong opposition to the municipal code bill is apparent among the delegates.

Chicago, Jan. 16.—Two unknown men, one about 45 or 50 and the other about 25 or 30, were found dead in a room of the Santa Maria hotel. Gas was escaping from one jet of the chandelier and appearances indicated a carefully planned suicide.

AFTER POLYGAMISTS.

Congressional Committee Investigating Officeholders of Utah.

Washington, Jan. 16.—The house committee on postoffices and postroads took up the resolution of inquiry recently referred to in the charges that certain federal appointees in Utah were polygamists. Representative Lentz (O.), who introduced the resolution, was present, and considerable excitement was caused by some of the statements made by him. His remark that the resolutions were likely to be "pigeon-holed" by the committee brought out a protest from Chairman Loud.

Mr. Lentz said he could produce affidavits that papers had been placed on file alleging that certain federal appointees were polygamists. These papers were received for by Mr. Porter, the president's private secretary, Mr. Lentz said, "but the papers could not be found."

The committee adjourned the hearing until next Friday, when Secretary Porter, the postmaster general and Mr. Grosvenor would be invited to appear.

War Against Woman Labor.

Chicago, Jan. 16.—The first step in the war to be waged by the organizations of the building material trades council against the employment of women in factories has been made by C. B. Meyers and Herman Feigenhauer, representing the Metal Polishers and Buffers' union, the only one in the council whose members have to compete with women laborers. They called on the manufacturers and demanded that no more women be employed. One reason for the war against woman labor is the protection of the health of woman. Manufacturers refused the request.

Canal Assured.

Washington, Jan. 16.—Construction of the Nicaragua canal is to be insisted upon in both houses of congress, without regard to the commission recently appointed by the president to consider the feasibility of the various routes. The house committee has already agreed to report the Hepburn canal bill, and the senate committee on interoceanic canals, of which Mr. Morgan is chairman, agreed with practical unanimity upon the same course. It is expected that the decision to report the bill will be reported shortly.

Old Landmark Condemned.

Zanesville, O., Jan. 16.—The historic "Y" bridge at the junction of the Muskingum and Licking rivers in this city has been closed to traffic in consequence of a report of expert engineers that it is liable to fall of its own weight at any moment. It has been in use for 68 years, and in old stage coach days was the most famous landmark along the national pike. The old structure will be replaced as soon as possible with a new "Y" bridge of iron or stone.

Bankers Assign.

Boston, Jan. 16.—The firm of H. C. Wainwright & Company, bankers and brokers, have made an assignment. No statement of assets and liabilities is available. The firm has been carrying a heavy load of United States mining stock, on which they were unable to realize. Wainwright & Company have been in business for a great many years, and is a member of both the New York and Boston Stock Exchanges.

After the Canal.

St. Louis, Jan. 16.—Governor Stephens and Attorney General Crow have left here for Washington, where the latter will institute proceedings in the United States supreme court against the city of Chicago and the trustees of the Chicago drainage canal to restrain them from turning the sewage of Chicago into the Mississippi river.

Felt Hats Go Up.

Danbury, Conn., Jan. 16.—All the leading manufacturers of men and women's felt hats in the city of Reading, Pa., and other hat centers, owing to the rapid rise in the price of wool, by agreement advanced the prices of wool hats 75 cents per dozen on cheap grades and on higher qualities in proportion.

To Be Consul at Canton.

Washington, Jan. 16.—The president sent to the senate the name of Robert McWade of Pennsylvania to be consul for the United States at Canton, to succeed Dr. Edwin Bedloe. This nomination closes the incident in Dr. Bedloe's case. So far as can be learned, Dr. Bedloe left the department of state by resignation and bears its good will.

Strike on in Full Force.

Pittsburg, Jan. 16.—The strike of the rod mill workers at Beaver Falls and Braddock is on in full force. At Beaver Falls only three men reported, and the rod mill could not be operated. The officials have asked for police protection, but there has been no violence.

THEY ASK PROTECTION

Colored Men Petition Congress For Legislation Against Lynching.

REQUEST STUMPS THE SENATORS.

Senator Pettigrew's Amendment to the Hour Resolution of Inquiry Laid on the Table—House Proceedings.

Washington, Jan. 16.—With the opening of the session of the senate Mr. Cullom (Ills.) presented a petition signed by 3,200 colored persons, asking for such legislation as will protect colored men of this country from the "barbarous practice of lynching and burning." Mr. Cullom asked that the petition be referred to the committee on judiciary, although he said it might be desirable to refer it to the committee on privileges and elections.

Mr. Hoar, chairman of the judiciary committee, said he believed every senator would be glad to have such measures adopted as would suppress this wrong doing and enable the officials to enforce the law. The senate, he thought, would disagree to that. He directed attention to the fact that the state laws take cognizance of crimes referred to in the petition. By what constitutional method the United States could take action in this question is a difficult query.

Mr. Chandler, chairman of the committee on privileges and elections, thought it desirable to be perfectly frank. "There is no power in congress," said he, "to prevent or to punish crimes committed in the various states. If the states do not punish crimes for the punishment for which they have enacted laws, no federal law can take the place of useless state laws."

The session went into executive session on motion of Senator Davis, chairman of the committee on foreign relations, who was at the time addressing the senate on the various resolutions and amendments relating to the Philippine archipelago. The Minnesota senator made the point of order against the amendment calling for the instructions to the peace commissioners at Paris. This was overruled, and Senator Davis, who was the chairman of the peace commission, began speaking. He finally said he was much embarrassed in speaking of the subject in open session and moved that the doors be closed, and the senate agreed to the motion.

After 10 minutes spent in executive session the senate resumed open session. Mr. Davis moved to lay Mr. Pettigrew's amendment to Mr. Hoar's resolution, calling for the instructions to the peace commission, on the table. The motion prevailed, 41 to 20.

Mr. Gallinger (N. H.), chairman of the committee on pensions, reported a bill repealing section 4116, Revised Statutes, so far as it may be applicable to the claims of dependent parents of soldiers, sailors or marines who served in the United States in the war with Spain. The bill was passed.

Mr. Wellington (Md.) introduced a joint resolution declaring the purpose of the United States toward the Philippine islands, and gave notice that he would address the senate on the resolution next Thursday.

In the House.

Washington, Jan. 16.—Immediately after the reading of the journal the house went into committee of the whole and took up the consideration of the urgent deficiency appropriation bill. It was agreed that general debate on the bill should continue throughout the day, and Wednesday the bill should be read for amendment, under the 5-minute rule. Mr. Cannon, chairman of the appropriations committee, opened the debate with a general explanation of the items in the bill. Mr. Cannon was asked by Mr. Loud (Cal.) about the item of \$150,000 for rural free delivery, and replied that it had been found that \$300,000 had been appropriated for the present fiscal year. That money had been largely expended, and unless this appropriation was made much of the service now in operation would have to be discontinued.

Mr. Cannon frankly confessed that the manner of the expenditure of this money did not meet his approval. He believed it the duty of the executive to cut the garment according to the legislative appropriation.

Livestock Association.

Fort Worth, Tex., Jan. 16.—The third convention of the National Live Stock association of the United States began here with a good attendance of delegates. After several addresses of welcome the annual address of the president was read by J. W. Springer.

SOUTH AFRICAN WAR.

Findings of Buller's Momentous Move Eagerly Awaited by All.

London, Jan. 16.—The complete absence of news from Natal up to this hour proves that the censorship will allow nothing to pass until General Buller's plans are executed or have failed. Even General Roberts, in his report of Monday, refrained from mentioning a word about Natal or General Buller.

From the other columns there is little news of moment. Modder river advances only reported daily long range shelling, from which the Boers are supposed to have suffered severely. A dispatch from Sterkstroom, dated Jan. 15, reports that General Gatacre's troops had made a demonstration beyond Molteno, in the direction of Stormberg, in the belief that the Boers intended to seize Molteno. The Burgers were not sighted and the British remained at Molteno. Arrivals from Stormberg estimate that there are 4,500 Boers at that place, mostly revolted colonists and Free Staters. President Steyn's brother is the land-roast. General French continues to shell the Boer positions, but nothing decisive has taken place.

Boer Charge Repulsed.

Rensburg, Cape Colony, Jan. 15.—(Delayed).—The Boers attempted to rush a hill held by a company of the Yorkshires and the New Zealanders, but they were repulsed at the point of the bayonet. The Boers had 21 men killed and about 50 wounded.

Bynum's Nomination.

Washington, Jan. 16.—The senate committee on finance again had under consideration the nomination of Hon. W. D. Bynum to be general appraiser of merchandise at New York. The Democratic members of the committee continued their opposition to the nomination, contending that Mr. Bynum is not a Democrat, and that his nomination as such is an evasion of law. After a general exchange of opinion, it was decided that the Democrats should have time to adduce proof of Mr. Bynum's Republicanism.

Retail Grocers.

Cleveland, Jan. 16.—The third annual convention of the National Association of Retail Grocers of the United States met here with a large attendance. Mayor Farley and others made welcoming addresses to the delegates and President Scherer of the association responded. After the reports of various committees had been received President Scherer had read his annual address. "Trade, Press and Grocer" was the title of an interesting paper read by Artemus Ward of New York.

Dried Fruit Men Unite.

San Jose, Jan. 16.—The marketing of the dried fruit crop of California has been practically placed under the management of an association of growers. This has been effected through the organization of dried fruit men under the name of the California Fruit Growers' association. The association will start with a membership that will control fully 75 per cent of the dried prune crop, and inside of a month it expects to have control of the entire output of the state.

Unexpected Delay.

Indianapolis, Jan. 16.—The second day's session of the United Mine Workers came to an unexpected close at 10 a. m., when an adjournment was taken until Wednesday. The convention was in session only 30 minutes. The report of the committee on credentials was called for, and no response received. The convention then moved that a committee be named to look up the credentials committee and adjourned.

Publisher in Trouble.

Victoria, B. C., Jan. 16.—In the legislature attention was directed to a publication in the Kamloops Standard referring to Lieutenant Governor McInness, as a "thing in gold lace," a "gold-laced and be-whiskered monstrosity," and an "obese and shining it." The publisher will be required to appear before the bar of the house for contempt to a representative of the crown.

Negro Hanged.

Pittsburg, Jan. 16.—William Newman, a negro, was hanged in the yard of the county courthouse here. Death resulted from strangulation. The crime for which he was hanged was the murder of his mistress, Alice Warner, alias Van Horn. The deed was the result of a quarrel over a colored jockey named William Camp, of whom Newman was jealous.

London, Jan. 16.—Captain the Hon. C. J. Coventry, second son of the Earl of Coventry and formerly one of Dr. Jameson's raiders, was married at St. Peter's church, Eaton Square, to Miss Lily Whitehouse of Newport, R. I. There was a fashionable attendance.

CONTEST IN KENTUCKY

Witnesses Testify Before the Boards Sitting in the Case.

EFFECT OF MILITARY AT THE POLLS.

Louisville Supporters of Goebel Claim That Several Thousand Voters Stayed Away—Taylor's Appearances Nullified.

Frankfort, Ky., Jan. 16.—The contest boards reconvened at 9 o'clock. After some preliminaries the examination of witnesses was resumed. Judge Fontaine Fox was the first witness of the day. Mr. Kohn asked him regarding incendiary publications in anti-Goebel newspapers prior to the election. Colonel Breckinridge objected on the ground that the newspapers themselves would be the only competent evidence on this point. The objection was sustained. On the point as to the military at the polls, Judge Fox declared that several thousand voters stayed away on that account. Judge Fox supported Goebel.

S. J. Baldrick testified that he had asked Judge Toney for time on election day to send for the Democratic attorneys to resist the motion for an injunction to compel the admission to the polls of Brown inspectors, but that Toney refused to grant even a few minutes, and at once signed the order of injunction; that he had voted, but his vote was not counted, as his precinct, which gave Goebel 112 majority, was thrown out.

John H. Page, clerk of Jefferson circuit, testified that the petition for injunction before Judge Toney was filed at 11:15 a. m., election day, and under Toney's decision the first writs were issued 30 minutes later. He identified the papers filed in all the injunction suits on election day in his office.

Mayor Weaver of Louisville testified that owing to incendiary speeches and publications in the newspapers there was a feeling of unrest, but not such, he thought, as required the military. The local authorities he regarded as amply equal to the occasion.

H. P. McDonald of Louisville testified to the entry of anti-Goebel inspectors inside the polling booths by a mandatory order from Judge Toney to the other election officers, and also that Republican election officers threatened him with arrest by federal marshals for challenging negro votes. He served as a Democratic election officer. The committees adjourned until Wednesday afternoon.

The court of appeals rendered a decision nullifying Governor Taylor's appointments of W. H. Mackey and A. M. J. Cochran as election commissioners, enjoining them from acting, and sustaining the Democratic commissioners, Poyntz, Fulton and Yontz. These commissioners will try the contests in the cases of minor state offices. The decision was made on strict party lines.

Escaped Being Buried Alive.

Indianapolis, Jan. 16.—Mrs. Ellen Crosby has had a narrow escape from being buried alive in Crawford county. She had been pronounced dead and preparations for the burial had been made. While this was in progress her daughter, 19, worn out by exhaustion, lay down to rest, but her eyes had scarcely closed before she sprang up and peremptorily insisted that her mother's body be returned to the bed. She remarked that her mother had called to her in her sleep, saying: "May, don't let them bury me alive." Nearly eight hours passed, when Mrs. Crosby slowly opened her eyes. She is now considered in a fair way of recovery.

Still Under Water.

Moscow, Ida., Jan. 16.—The water in the Big Potlatch river is receding, but a large part of the town of Kendrick is still under water. The change of the river current towards the town is said to be partly the result of a recent train wreck. Many tons of steel rails were left in the river. This caught the driftwood and formed a dam, which diverted the channel and turned it toward the main street of Kendrick. The stores will lose thousands of dollars in ruined goods as in many of the buildings the water was waist deep.

Columbus, O., Jan. 16.—Youngstown Art Engraving company, Youngstown, \$25,000; Dining Fork Oil and Gas company, Cincinnati, increase from \$20,000 to \$30,000; Perry Stock company, Columbus, \$25,000.

Church Collapsed.

St. Petersburg, Jan. 16.—A church collapsed during the celebration of a mass in Maloussene township, Sumara district. Nineteen persons were killed and 68 were wounded.

WEATHER FORECAST FOR KENTUCKY.—Fair to-day, increasing cloudiness Thursday; northeasterly winds, shifting to easterly.

Gov. Taylor's Election Commissioners will now have to retire. The Court of Appeals enjoins them from qualifying or interfering with the regular board. Of course the Republican members of the court refused unanimously to concur in the decision.

The tragedy enacted at Frankfort Tuesday is one of the most deplorable that has stained the annals of Kentucky. The lives of innocent bystanders were sacrificed by the murderous hatred of the principals. Particulars of the affair are given in our dispatches.

River News.

About 2,000,000 bushels of coal coming. Bonanza down this morning with big tip.

The Courier leaves daily at 11 o'clock for Cincinnati.

Keystone State will pass up Thursday night for Pittsburgh.

The Virginia passed down at 12:30 Tuesday and returns to-day for Pittsburgh.

The Pearce passed down this morning, having been delayed by the fog and ice.

It was reported Tuesday the White Collar Line people had abandoned the sunken W. F. Nisbet, but they deny it.

The Avalon up this morning for Pomeroy. She has been chartered by White Collar Line to take place of the Nisbet.

The Wheeling Packet Company has been incorporated and will enter a boat in the trade between that city and Cincinnati, so a dispatch states.

For State College Trustees.

Gov. Taylor has sent the following list to the Senate for the confirmation of their appointment as trustees of the State College: Wilbur F. Browder, of Russellville; L. J. Crawford, of Newport; D. W. Fairleigh, of Louisville; W. H. Wadsworth, of Maysville, and Campbell Flournoy, of Paducah. The retiring trustees are: J. C. Flournoy, of Fulton; C. W. McElroy, of Bowling Green; J. T. Gailright, of Louisville; W. F. Peak, of Bedford, and A. P. Gooding, of Mayslick.

The Hog Market.

[From Cincinnati Price Current, Jan. 11th.] Hogs have been marketed in much more liberal numbers the past week. Western packing returns indicate a total of 570,000, compared with 425,000 the preceding week. For corresponding time last year the number was 570,000. From November 1st the total is 5,185,000, against 6,290,000 a year ago—a decrease of 1,105,000. The quality is generally good. Prices at the close average slightly higher than a week ago, and 75c. per 100 pounds higher than a year ago.

Rich Gas Strike.

FLEMINGSBURG, Ky., January 16.—The flow of gas from the well sunk here is getting stronger, and it is now thought the supply is inexhaustible. This morning the gas forced water clear over the eighty-foot derrick. The contractors claim that this one well will supply three towns the size of this. Other wells will be sunk.

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 1125 Howard street, Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this royal cure: "It soon removed the pain in my chest and I now can sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the universe." So will every one who tries Dr. King's New Discovery for any trouble of the throat, chest or lungs. Price 50c. and \$1. THE INJUNCTION REINSTATED.

Court of Appeals Says Governor Has No Right to Fill Vacancies on Board of Election Commissioners.

FRANKFORT, Ky., Jan. 16.—The Court of Appeals, by a vote of four to three, reinstated the injunction granted by Judge Cantrill, against Messrs. Cochran and Mackoy, Gov. Taylor's appointees, on the ground that the office of Election Commissioner is not an elective office.

After citing the fact that the board was constituted according to law, the court said the vital question was, Has the Governor the right to appoint?

That such a right was conferred on the Governor is the contention of defendants. Section 152 was then quoted, and the court holds that it fails to say who shall make these appointments. The case of Shelly vs. McCullough was cited.

The decision continues and says the right of the Governor extends only to the appointive part of office till a succeeding election. The court holds that the section does not touch or affect the question of filling vacancies in appointive offices, and is wholly irrelevant to the issue herein involved.

Section 76 applies to the Governor's duty to grant a commission, and cannot apply to vacancies in office for the filling of which no provision is made in the Constitution, and it does not apply to the offices in question.

The only other provision is 152, which does not affect offices which are not elective, and these offices are not elective.

Judges Hazelrigg, Hobson, Paynter and White agreed, while a dissenting opinion, concurred in by Judges DuRelle, Burnham and Guffy, was handed down.

The Democrats are jubilant, and say "It's all over but the shouting."

The Modern Mother

COUGHLIN-FITZGERALD.

St. Patrick's Church the Scene of Beautiful Nuptials at an Early Hour This Morning.

The marriage of Mr. Maurice F. Coughlin and Miss Kathryn A. Fitzgerald was solemnized at 7:30 o'clock this morning at St. Patrick's Church, the pastor Rev. Father A. T. Ennis officiating.

Mr. Coughlin is one of Maysville's prosperous young business men who enjoys the confidence and esteem of a large circle of friends throughout the city and county.

The bride is a daughter of Mr. and Mrs. D. Fitzgerald, of Third street, and is a young lady of many noble qualities of head and heart and esteemed by all who know her. She was attired in a beautiful gown of Castor poplin, terra pasme, violet velvet and applique, modest but very becoming.

The ushers were Mr. D. A. Fitzgerald, brother of the bride, and Mr. W. P. Dickson, of Germantown, a life-long and intimate friend of the groom.

Immediately after the nuptial mass was celebrated the happy couple left on a westbound C. and O. train for a short bridal trip.

The organ was presided over by Miss Nettie Murphy. Mrs. Jas. N. Kehoe sang an Ave Maria in her usual sweet voice, the choir rendering "O Quam Dilectum," and Misses Bettie Young and Margaret Swift followed with a duet.

The bride and groom were the recipients of many handsome and costly presents which in a measure attested their popularity.

The BULLETIN joins with their many friends in wishing many, many happy years of wedded bliss.

HOSIERY

FOR CHILDREN.

Stockings for the children in weight for present use, of ribbed black cotton, with double knees and shaped to fit the legs. This is important, for too many stockings are knitted the same width all the way from ankle to top and dried on boards to give them deceptive shape until they are tried on, when they sag at the ankles in a way mothers don't like. It costs more to narrow the stockings in the knitting to make them fit neatly, but these are so made. Two grades. Sizes 5 to 9. 12½c. and 25c.

FOR WOMEN.

A fine gauge fast black cotton stocking with reinforced heels, soles, toes, for which you would pay 35c. and be well satisfied is here for 25c. a pair or 6 pairs for \$1.40. Seasonable weight. Customers universally tell us we have the best 10c. stocking in town. Fast black and seamless, of course.

FOR MEN.

Pick up any pair of the dozen varieties shown at this counter and you'll find texture, dye, shaping far ahead of what you've been accustomed to buying at the price; that is, if you haven't been buying here. Nearly all desirable weaves, styles, colors, weights. Cotton, Lisle, Cashmere, wool, Mercerized. 10c., 15c., 25c., 35c., 50c.

bottled goods a specialty.

The house that sells pure, straight, two-stamp Whisky, Brandy, &c. No rectified or one-stamp goods allowed on the premises.

It's Our Aim

Never to carry over any Suit or Overcoat from one season to another; especially the fancy effects. Of course the staple goods in gray, brown, blue and black, we carry them in large quantities the year round. But all fancy goods will be sacrificed. Our semi-annually clearing up sale begins very soon, and you must come in and see what the word sacrifice means in clothing.

MARTIN & CO.

Maysville Tobacco Fair Saturday Jan. 20th, 1900. Half fare on all trains.

Mrs. NANNIE BERGER, of Georgetown, O., was here Tuesday morning on her way to Bourbon County, called there by the critical illness of her sister, Mrs. John Hanley, formerly Miss Cullen of this city.

SUCCESS

Is my aim. I have long ago found out that the merchant who pursues a liberal policy toward his trade is the one who generally succeeds. Therefore I have decided to continue giving to my customers the jobber's profit on all CASH purchases, thereby saving to them at least 10 per cent., and at the same time they will have to select from,

The Largest,
Cleanest and
Best Stock

in Northeastern Kentucky. Just glance at a few of my prices and remember that everything goes in the same proportion:

MAYOR'S PROCLAMATION.

Urges Citizens of Maysville To Extend Cordial Welcome and Hospitable Entertainment to Tobacco Fair Visitors.

To Our People: On the 20th of January, 1900, it is proposed to open the gates of our city of Maysville, not only to the producers of tobacco, but to any and every one interested in the question of tobacco in all its aspects, whether it be its cultivation, handling or sale.

In view of this fact, I feel that I am not going beyond my prerogative in calling the attention of our good citizens to the great interests involved in this tobacco fair, instituted and put into operation by our honorable Board of Trade; in urging upon our people to open our gates, and welcome and entertain the guests who may come into our midst.

The hospitality of Maysville is renowned. Let us increase its high reputation in that and all other respects by showing to those who visit us the best courtesy and the most generous entertainment.

To this end the Mayor and his staff will devote their greatest energies, in the hope that they will meet with the co-operation of all good citizens.

Respectfully,

W. E. STALLCUP, Mayor.

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying Electric Bitters, and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they saved my life and robbed the grave of another victim." No one should fail to try them. Only 50c. a bottle at J. J. Wood & Son's drug store.

DUEL IN A HOTEL.

A Principal and Two Bystanders Killed at Capital of Kentucky.

Frankfort, Ky., Jan. 16.—Ex-Congressman David J. Colson shot and killed Ethelbert Scott, Charles Julian and Luther Demaree, and slightly wounded Golden, in the lobby of the Capitol hotel here. The killing was the result of a renewal of a feud between Colson and Scott, which grew up between them while in the army last year. Demaree, Julian and Golden were bystanders, and were shot by accident. It developed that Colson was shot in the arm, but not seriously hurt. Harry McEwen of Louisville was also struck by a stray bullet. After the shooting Colson ran to the residence of Chief of Police Williams nearby and gave himself up. Later a warrant was sworn out by Clint Fogg, who witnessed the killing. Fogg says Colson shot first.

The lobby of the hotel was densely packed with people, who are here attending the trial of the contests before the legislature. Colonel Colson is in a high nervous state over the excitement attending the tragedy, and as he has never fully recovered from a stroke of paralysis sustained last year, his friends are greatly concerned over his condition.

Persons who were in the hotel when the tragedy occurred say fully 20 shots were fired. Scott was a nephew of ex-Governor Bradley. Demaree was assistant postmaster at Shelbyville and a prominent Republican politician.

Julian was a wealthy farmer of this county. Examination revealed the fact that Scott was shot six times.

COUNTY CULLINGS.

COTTAGEVILLE.

Wheat is looking fairly well since the late cold weather.

Some of our citizens are attending Circuit Court at Vanceburg.

Some of our farmers are done stripping tobacco and a few have sold. The crop is not a large one in this section.

James Means, a former resident of Tollesboro, but now of Gibson County, Ill., was calling on friends here recently.

A. J. McNeil, an old and respected citizen of near this place, died a few days ago. He had been a helpless cripple for a period of about forty years. He was cared for by his niece, Mrs. Frank Gidding, with whom he lived, during his last illness. His remains were interred in Ebenezer Cemetery. Deceased was about sixty years of age.

"Quick lunch" is one of the commonest signs. The sign doesn't say "a healthy lunch of good food—the character of the food apparently is not considered. It's just a quick lunch,—eat and get away. Is it any wonder that the stomach breaks down? Food is thrown at it, sloppy, indigestible and unwholesome food, very often, and the stomach has to do the best it can. Normally there should be no need for medical assistance for the stomach. But the average method of life is abnormal and while this continues there will always be a demand for Dr. Pierce's Golden Medical Discovery. It is the one medicine which can be relied on to cure diseases of the stomach and other organs of digestion and nutrition. It is not a cure-all. It is a medicine designed for the stomach, and to cure through the stomach remote diseases which have their cause in the derangement of the stomach and digestive and nutritive system. It cures when all else fails.

Banks' Victory.

LEXINGTON, Ky., Jan. 16.—By agreement with County Judge Bullock, eight banks here will be assessed at 75 per cent. of their capital, surplus and profits. Individual stockholders will not be required to list shares. It is a big victory for the banks.

Settlers from the States.

Toronto, Jan. 16.—The superintendent of immigration has received reports from most of his agents in the United States and estimates that 14,000 settlers from the republic have become residents of Canada during the past year. A conservative estimate places the wealth of these persons at \$2,000,000. The prospects for increasing the number of settlers from the United States during the season of 1900 is very encouraging. Kansas and Arkansas supplied the greater part of those who came.

BRING IN YOUR TOBACCO.

Committee Now Ready to Receive Samples For the Big Fair January 20th, Next Saturday.

The room in which samples are received for contest in tobacco fair is on Second street, next door to J. Jas. Wood & Son's, the room just vacated by Klipp & Brown.

Squire T. J. Pickett is in charge of the registering of samples, with Mr. George Owens as his assistant. They are just and capable and their help is much appreciated by the committee.

Farmers from the two districts can take their samples to this room any day this week, from 10 till 12 o'clock, except on Friday when the room will be open all day to receive samples.

The samples thus far received are magnificent specimens and the prospects are most flattering for a very large exhibit.

The Finance Committee of the tobacco fair are able to give the names of firms and individuals who have generously contributed to the fund for the fair. There are others who should give, if only a dollar, for no man doing business in Maysville should be willing to have his neighbor put up to advertise so he might selfishly reap the benefits. This is a movement which will help every interest and none should be out of the list of donors. If you have not given and will do so, kindly tell John C. Adamson or John Duley and your offering will be used to advertise our city and help your business. The list so far as follows:

Sol. Smith Russell's Great Play, "A Poor Relation"—Coming to Maysville.

"A Poor Relation," Sol. Smith Russell's great play which will be seen at the Washington Opera House Monday, January 29th, will easily be the event of the present theatrical season and is only made possible by the illness of the comedian himself which has necessitated his retirement from the stage for the rest of the season and prevents his playing his regular engagements in the big cities of the country. His manager, Fred G. Berger, has engaged Frank J. Keenan, an actor whose humor is of the unctuous order, and whose pathos is of the quiet, undemonstrative character that always challenges attention, and who above everybody was selected by Mr. Russell himself as his successor. Mr. Berger has also retained the entire supporting company. See this clean play that in the past twelve years has served to firmly land Mr. Russell as deeply in the hearts of the play goers of the country as "Rip Van Winkle" has Joe Jefferson.
